

How to Use Ink Innovations Ultimate Clean Up Cards

The Ink Innovations Ultimate Clean Up Card is a fast, efficient cleanup solution for screen printers. These reusable cards are designed to remove excess ink, emulsion, and residue from screens with ease while reducing shop waste.

Step-by-Step Instructions:

- Use the smooth side to wipe away excess plastisol, water-based, UV, or solvent inks from your screen.
- Flip to the textured side for removing stubborn residue, dried emulsion, or debris.
- Rinse and reuse the card multiple times – it's built to last and reduce disposable waste.
- Keep a few cards handy to speed up cleanup during busy print runs.
- Comfortable grip design makes it easy to handle without fatigue.

Pro Tips:

- Dedicate one card for inks and another for emulsion to extend their lifespan.
- Rinse the card regularly during long cleanup sessions to keep it working like new.
- Stock up with multi-card packs so your shop never runs out during peak jobs.
